ABOUT US

Reaves Asset Management has over four decades of experience investing in publicly listed equities. Reaves is a privately held, independently owned company.

Our managed portfolios, designed to provide both income and capital appreciation, have historically generated attractive risk-adjusted returns with defensive characteristics.

The team at Reaves invests in the same strategies as our clients, most notably through the firm's employee profit-sharing trust. For more information about Reaves Asset Management, please visit www.reavesam.com.

INVESTMENT PROCESS

Fundamental, bottom-up research is utilized by an experienced team of portfolio managers and analysts with expertise in regulated assets such as electric, gas, and water utilities, communication assets including wireless service providers, wireless towers, data centers, and cable/broadband systems, and transportation assets including railroads, oil and gas pipelines, and distribution logistics.

Current and potential investment theses are modelled and formally debated during weekly research meetings. Investment information is sourced through earnings calls, industry conferences, company management team meetings, third party research reports, and industry experts.

Market capitalization refers to the total dollar market value of a company's outstanding shares of stock. Commonly referred to as "market cap," it is calculated by multiplying the total number of a company's outstanding shares by the current market price of one share. The source of Reaves' market cap data is Bloomberg.

Past results do not guarantee future performance. Further, the investment return and principal value of an investment will fluctuate; thus, investor's equity, when liquidated, may be worth more or less than the original cost.
